THE CONSTITUTION.

EVENING EDITION.

ATLANTA, GEORGIA: JUNE 30.

☞ A new element of warfare has appeared in the Cuban insurrection. The cholera is attacking both sides with deadly effect, but more particularly the Spanish side. The Spanish troops still continue to suffer defeats, and the confidence of the Cubans in success grows.

Constable Hubbard, of South Carolina, was arrested in Augusta on Saturday, on the charge of false imprisonment of several citizens of Augusta, while they were in Hamburg. He gave bond in the sum of $1,000 for his appearance on Monday, to undergo the preliminary examination.

The Board of Trustees of the State Lunatic Asylum have created the office of second Assistant Physician in that institution, fixing the salary at one thousand dollars per annum, with board, etc. An election for this officer will be held on July 6th.

The people of Columbus are moving in the matter of erecting a public hall.

Reese Davis, who victimized Mr. Schofield, of Macon, has been arrested at Columbus. He is now arrested on a requisition from the Governor of Tennessee, and is charged with forgeries by which he obtained money from the Second National Bank, and Wood & Simpson, and others, of Nashville.

Melons are plenty in Americus at 60 to 75 cents each. Peaches 15 to 25 cents per dozen. Apples 10 to 20 cents per dozen.

Some enterprising genius at Americus has started an opposition pede to the velocipede, called the swine-pede.

James Hart, aged 70 years, died in Floyd county, on Sunday last.

George Washington was convicted of robbery, and Green Bullock, of larceny, after trust, at the last session of Dougherty Superior Court.

The Centennial Anniversary of Jerusalem Church, at Ebenezer, Effingham county, Ga., will be celebrated, commencing on Thursday, the 15th of July, 1869.

The Centennial Sermon will be preached on Sunday, the 18th, (Deo volo,) by Rev. J. P. Smeltzer, President of Newberry College.

This is a Lutheran Church, erected one hundred years ago by the Salzburgers, and stands as a monument of their piety and zeal.

About a hundred marriage licenses have been issued, by the Ordinary, during the present year. It is safe to assume that nearly two-thirds of these were issued to negroes.—*Monroe Advertiser.*

We hear of one planter who raised one hundred and thirty-five bushels on twenty acres. No pains were taken in the preparation of the land, and the expense of the crop was the cost of the wheat and the expense of ploughing them in.—*Ibid.*

The peach crop is not quite so good as it was last year. The fruit was somewhat thinned out, early in the season. That which is left, however, will be very large and fine.—*Ibid.*

Rev. Hiram Phinazee informs us that he has cut nearly fifty thousand pounds of oats, which, at present prices, will bring about five hundred dollars.—*Ibid.*

There is now a great deal of travel on the Macon and Western Railroad. The passenger trains, to and from Macon, are crowded every trip, and the road is doing a good business.—*Ibid.*

The Central Railroad Company has permanently leased, which is equivalent almost to a purchase of the South-Western Railroad.—*Sumter Republican.*

Sidney Lanier, Esq., a gentleman of rare cultivation and fine literary attainments and one of Georgia's best poets, delivers the Annual Oration before the Seniors of the College in this city, to-morrow, *vice* Mr. Anderson who at one time was expected.—*Ibid.* (29th.)

A few nights ago the Rev. officiate of one of the colored churches was performing a marrige ceremony, and asked the usual question, "Has any one a legal objection to the union about to be formed?" when a feminine walked out and told him she had an objection—that he had promised to marry her and wouldn't do it. The minister ruled out the objection, and proceeded to tie the knot. The objectress grew warm in her opposition and showed that she had more temper than modesty.—*Americus Courier.*

We thought we heard a chicken squall, some where about the public square in Sandersville, on Saturday last. Did any one else hear or see the poor, lone thing? It must have come from afar.—*Central Georgian.*

We understand M. Sheriff Mayo's "hotel" is getting quite popular of late, particularly with the colored dames. No wonder, when it's painted such a pretty red and has the windows up-stairs so handsomely ornamented.—*Ibid.*

We learn that a few days since a white man, a fisherman, residing on the Ogeechee canal, some ten or twelve miles from the city, sold his wife to another fisherman (white) for sixty bunches of fish, valued at fifty cents per bunch. The wife was perfectly satisfied with the sale, and now is living with her purchaser. For the information of Messrs. Forney and Greeley, we will state that all the parties to this transaction are said to be trooly loil voters of the Radical ticket.—*Savannah Republican.*

A DAMAGING LETTER.

A Cuban Patriot tries to Throttle the Judiciary—The Assassin's Dagger threatened to Uphold Liberty.

MR. JOHN W. GRAYDON—*Sir:* As the foreman of the jury in the case of the patriot, Col. Ryan, you have ceased to be worthy of living under the protection of a republican community; you have covered yourself and your family with eternal infamy and dishonor, by accepting Spanish gold; and becoming the cowardly slave of Spanish despotism, you become the vile and degraded slave of that despotism which dishonors wives and children, which rapes our innocent daughters, and spills the noble, costly blood of our fathers, brothers, and sons. The blood of thousands of noble Cuban patriots cries to the heavens for revenge! revenge! revenge! The Cubans have more than one "Lucius Scævola," more than one "Leonidas," more than one "Brutus." I shall be, I will be, as true as the earth eternally revolves within the universe, as true as God will at last slay all all tyrants, I must be the Brutus of the Cuban republic, and before the sun of the 4th of July goes down, my dagger shall be plunged into your black and degraded heart, and the hearts of all friends of liberty will loudly rejoice when a Spanish spy, bought with Spanish gold, has ceased to live! The rope that corrupted justice of a corrupted government, under a corrupted and nepotic butcher President, will string around my neck, shall be a gold chain to me, which must unite my name for eternity with the records of history, and consign your and all jurors' names to infamy and disgrace. You die the cowardly, corrupted slave of Spanish gold; I am murdered, the noble, brave, and fearless champion of liberty! Not to frighten you have I informed you of my firm resolution, which could not be changed by millions of Spanish gold, but only give you time to make peace with your God and Creator, and to settle your worldly affairs. I wish to be a noble assassin! Prepare yourself! When my dagger puts an end to your disgraced and dishonored life, you will have no more time to confess your sins!—*New York Sun.*

SPANGLER'S STORY.

The Beauty of Military Trials—A Revolting Revelation—Mrs. Surratt Innocent—Horrors of Prison Life at Dry Tortugas.

Edmund Spangler, sentenced by military commission, to the Dry Tortugas for complicity with Lincoln's assassination, and pardoned by Johnson, has published a card asserting his innocence, vindicating Mrs. Surratt, and detailing some of the inequities of his trial and confinement.

This is the way he was treated before trial:

I had thus been confined three days on the vessel when Captain Munroe came to me and said: "Spangler, I've something that must be told, but you must not be frightened. We have orders from the Secretary of War, who must be obeyed, to put a bag on your head." Then two men came and tied up my head so securely that I could not see daylight. I had plenty of food, but could not eat with my face so muffled up. True, there was a small hole in the bag near my mouth, but I could not reach that, as my hands were wedged down by the iron. At last, two kind-hearted soldiers took compassion on me, and while one watched the other fed me. On Saturday night a man came to me and, after drawing the bag so tight as to nearly suffocate me, said to the guard, "Don't let him go to sleep, as we will carry him out to hang him directly." I heard them go up on deck, when there was a great rattling of chains and other noises; and while I was trying to imagine what was going on, and what they intended to do, I was dragged out by two men, who both pulled me at times in opposite directions. We, however, reached a boat, in which I was placed, and were rowed a short distance. I could not say then where we stopped, for my face was still covered.

Gen. Hunter did not wish him to have counsel.

Mr. Bingham, Assistant Judge Advocate, read the charges against me, and asked if I had any objection to the court, and I replied "No," and made my plea of "not guilty." They then wished to know if I desired counsel, and, when I answered affirmatively, Gen. Hunter, the President of the court insisted that I should not be allowed counsel. He was, however, overruled, but it was several days before I was permitted legal aid, the court in the meanwhile, taking evidence with closed doors. On every adjournment of the court, if only for an hour, I was returned to my cell, and the closely-fitting hood placed over my head. This continued till June 10, 1865, when I was relieved from the torture of the bag, but my hands and limbs remained heavily manacled.

GRENFEL'S SUFFERINGS.

Col. St. George Leger Grenfel, aged 65 years, was taken sick and went to the Doctor to get excused from work. The doctor declined to excuse him. He then applied to the Provost marshal, who said that he could not excuse him if the doctor couldn't. Grenfel then tried to work and failed. They then took him to the guard house, tied him up for half a day, and then took him to the wharf, tied his hands behind him, tied his legs together, and put a rope around his waist. There were three officers, heavily armed, who drove spectators from the wharf. I could see and hear from my window. The Colonel asked them if they were going to throw him into the river, and they answered: "Yes." He then jumped in, and because he could not sink they drew him out and tied about forty pounds of iron to his legs and threw him into the water again, and after he had sunk twice they pulled him out again, and then compelled him to go to work. The officers who had him in hand were Lieut. Robinson, Lieut. Pike, and Capt. George W. Crabb, assisted by Sergeant Michael Gleason, and assistant military storekeeper G. T. Jackson, who tied the iron on his legs.

SWEDENBORGIANISM.

A Methodist Minister, Rev. E. R. Keyes, Becomes a Swedenborgian—His Reasons for the Change.

He came to tell what he believed to be the doctrine of the Lord Jesus Christ. He would indicate those views, from experience, and not by assailing the Methodist Church. He referred first to the doctrine of a trinity of persons in the Godhead. He said it was irreconcilable with the doctrine of the unity of God. Henry Ward Beecher had said that he believed in three distinct beings, Father, Son and Holy Ghost; yet, in the same sermon, he believed in but one God, these three in one. That doctrine of the Trinity had formed a serious objection to the speaker remaining longer in the Methodist Church. Neither did he believe in the doctrine of atonement. The old theology represents God as being governed by principles contrary to his nature, and contrary to some ethical principles. The old theology also tells us that right being violated, it must have an atonement. The reverend gentleman styled right as a blank conception as presented by the old theology, and means nothing until you show why it is right. Strange as it may seem to some, there is not a word of the doctrine of atonement in the theology of Jesus Christ. Justice to God, was the next doctrine. That conception always seemed a drawback—to represent God as having reference only to his personal dignity. God teaches us different; yet, the old theology tells you God avenges His own dignity, but He will not let us do the same. Men represent God as finding it necessary to avenge his law, without primal reference, which brings Him down to low human expedients instead of exalting Him. Mr. Keyes, also, renounced the doctrine of justification by faith. He said the old theology teaches every infant needs to be justified. He had asserted in the presence of the noted Dr. Sanford many years ago, while preaching from a Methodist pulpit, that infants, though born in the world of a disordered nature, were not guilty of anything, therefore they needed not to be justified or pardoned. This doctrine of justification by faith was his first objection to the Methodist doctrine; was the one which has culminated in his present position in the Church of the New Jerusalem. As for the doctrine of the resurrection of the material body, Mr. Keyes said he had satisfied himself that, with all the elaborate reasoning, it was good for nothing. He had become impressed with the utter impossibility of God putting together again the material parts of this body, because whatever God does He does in accordance with the principles of order. God does not work mechanically, because He has not material hands. In the doctrine of the resurrection of the human body all divine order is violated. Who supposes that a thousand years after death the dismembered parts of the body shall again come together and the whole be resurrected complete and perfect as before death? If God directs for us another body he must create for us another soul. The doctrine is not found in the Scriptures. It is generally supposed that it is there, but in the fifteenth chapter of Paul to the Corinthians there is a natural body and a spiritual body. The spiritual body exists now as it will after death, and and when the material body dies the spiritual body still lives and ascends on high. The doctrine of the material body being resurrected the speaker styled as a glaring absurdity.—*N. Y. Herald.*

Mr. Editor:—Mr. Wadsworth, of Decatur, made, this season, one hundred and twenty-nine bushels of wheat on a little less than four and a half acres of land. No fertilizers were used on this wheat. Now, Mr. Editor, it seems to me that if such yields as this can be had on the lands about Decatur, we have no occasion to pay freights on wheat from the far West. Indeed, I think it really humiliating that we do. I am quite positive in saying that, with an inteligent system of putting wheat in, we can raise as fine wheat here as can be in any part of our country.

PROGRESS.

THE IRISH CHURCH—*Letter from Right Hon. John Bright.*—At a meeting held June 14th at Birmingham, to express approval of the Irish Church bill, a letter was read from Right Hon. John Bright, M. P., who said: "The Lords are not very wise, but there is sometimes profit to the people even in their un-wisdom. If they should delay the passing of the Irish Church bill for three months, they will stimulate discussion on important questions, which, but for their infatution, might have slumbered for many years. It is possible that a good many people may ask what is the special value of a constitution which gives a majority of 100 in one house for a given policy, and a majority of 100 in another house against it. It may be asked also why the Crown, through its ministers in the House of Commons, should be found in harmony with the nation, while the Lords are generally in direct opposition to it. Instead of doing a little childish tinkering about life peerages, it would be well if the Peers could bring themselves on a line with the opinions and necessities of our day. In harmony with the nation they may go on for a long time, but throwing themselves athwart its course, they meet with accidents not pleasant for them to think of. But there are not a few good and wise men among the Peers, and we will hope their counsels may prevail. I am sure you will excuse me if I cannot come to your meeting."

C. RYAN, THE CUBAN LEADER.—The Colonel W. A. C. Ryan, who appears so prominently in the operations of the Cubans in New York, is quite well known here. He came to this city just before inauguration as a member of a Soldiers and Sailors' Committee, from Montana, to look after the distribution of the officers in that Territory. He was himself a candidate for United States Marshal, and nearly persuaded Attorney General Hoar into appointing him. He served in the war in one of the Pennsylvania regiments, and was severely wounded. He is a man of reckless tongue and action, well calculated for an adventurer. His personal bravery is unquestioned, but he is wholly lacking in discretion of utterance or action. To be mixed up in an affair like this of the Cubans, just suits him, and he will make more out of them than they will make out of him. He was known here among his comrades by the familiar appellation of "Whack Ryan."—*N. Y. Tribune.*

IMMIGRATION.—The subject of Immigration is one which is at present greatly exciting the Southern mind, and is worthy of the most serious consideration. The old system of labor is forever exploded. There may be individual and isolated exceptions; but the general rule will hold good that free negro labor is not sufficiently practicable and reliable for the full development of Southern resources and industry. We must have white labor. We must have intelligence. We must have reliability. We must have population. To obtain these requisites, we must offer inducements to capitalists and laborers. We must construct railroads. We must dig canals. We must build factories. We must develop our resources of soil and climate, and apply them to practical uses. If we do this in the right way at the right time, we shall soon build up our section to as grand a prosperity as its most devoted sons and daughters could desire, and regain that political power in the Union which we have lost by the fortunes of war, and the tyranny of political tricksters and political rulers.—*Banner of the South.*

☞ The New York Methodist has returns from five hundred and seventy-six churches, which cast twenty-six thousand six hundred and thirty-one votes in favor of, and eight thousand five hundred and eighteen against lay delegations—three hundred and sixty-seven churches gave an affirmative and two hundred and nine churches a negative majority.

NEW METHOD FOR SKIMMING MILK.—A private soldier in California has invented a new method for skimming milk. He fits a fine gauze sieve to a hoop of the pan. The milk is then poured into the pan so as to a little more than cover the sieve. When the cream has risen the hoop is lifted and the cream is thus completely removed.

NOTICE.—The Postoffice Department requires the quarterly collection of box rent, postage on letters, papers and periodicals, etc., to be collected in advance.

The public is notified that July first begins a new quarter, and that bills are now ready at the Postoffice. We shall continue to deliver mail in the same boxes as heretofore for all those who pay their bills within two days. JAS. L. DUNNING, P. M.

ATLANTA, GEORGIA ..... JULY 1.

Up the Road.

We took a quick, flying trip up the road yesterday. We returned with a gladdened heart. Such a garniture of golden grain, stacked in shimmering sheaves, dotting with a sort of smiling glory the broad fields on each side of the State Road track its entire extent, was never before surpassed. And the picturesque contrast of the yellow harvest, rich in its ripe buxom maturity, and secure beyond all peradventure from God's beneficence to man's pleading wants, with the young green maize in its tender verdancy, and with its anxious freight of uncertainty and vicissitude made a beautiful and suggestive picture The sun-light played gleefully upon this panorama of Heaven's workmanship, and seemed to eloquently utter, that whatever the rude instrumentality of Radical man might wantonly do in crucifixion of our sunny land, the ruling Providence of God was cheering us, with the most radiant manifestations of His favor.

We came back to editorial duty, after the brief absence, with renewed zest and hopefulness. Our silent communion with nature, whose rich treasures are so bounteously poured forth for our smitten and struggling people in response to the painful travail of husbandmen, filled our soul with thankfulness and faith in our future.

As we sped swiftly by the stores of our soils' productiveness, we instinctively thought, that *there* is the omnipotent power of our political redemption. With devotion to our grand capacities, with the development of our immeasurable latent wealth, will come means; with means, power; with power, independence; with independence, respect; with respect, influence; with all of them, the mastery of our own situation, the removal of our disabilities, the moulding of our own destiny, the complete restoration to our own natural commanding elevation in our government.

The Sleeping Car company and railroad officials, we found, as always, courteous and efficient. Freyer & Fletcher, at Marietta, still continue to keep, as they have done, one of the best kept public houses in the State.

Campbell's "Tibbs' House," at Dalton, also feed their guests in a way to enliven a hungry stomach.

We found at Dalton, that the two sides of the town, so long and completely divided by the net-work of railroads at the depot, are now linked together by a large imposing, handsome bridge, the material of which, was furnished by the citizens and City Council, and which has been built by the railroad authorities, who deserve well of the Daltonians. As far as we can learn, the Ageney at Dalton is managed efficiently, and it is due to truth to admit it.

All of the villages on the road look flourishing, and all complain of the dull times. This however, is accounted for in the occupation of the farmers with their crops.

☞ Reading matter on every page.

JEALOUSY.—Omaha and Council Bluffs on opposite sides of the Missouri river—Omaha the terminus of the Pacific Railroad, and in Nebraska, and Council Bluffs, in Iowa, seem to be very jealous of each other.

Council Bluffs defiantly offers to bet, among other things, that Lincoln did not name Omaha as the initial point of the Pacific road, and that its big hotel can accommodate more guests than any two hotels, in Omaha, and calls for the money bet to be put in the National Bank and tells Omaha to "put up, or shut up."

Omaha retorts by proposing to bet that the "Big Lousy Creek" is nearer to Council Bluffs than to Omaha, the money to be put in the sand bank between Council Bluffs and the Missouri river.

☞ The administration at Washington has sided with the Wells faction in Virginia, and the Stokes faction in Tennessee.

We expected nothing else from it. Wherever it is a question of decency and right, the administration must *per se* be in the opposition. The official, that could saddle Turner upon a community, after the ventilation of his character that was made, of course, must endorse the party that is congenial, and that is best fitted to further his purposes.

☞ The Macon Telegraph has a sensible article urging our people to raise ample food crops. We endorse its suggestions, and have recommended the policy as the only safe one for our people.

First raise food, and then cotton and whatever else it may please the people to cultivate, but the greater variety of produce the better.

PERSONAL.—We had, yesterday, the pleasure of calls from Gen. A. R. Wright, of the Augusta Chronicle and Sentinel, and Col. C. D. McCutchen, from Dalton, both in attendance on the Supreme Court.

☞ The Virginia papers take a very hopeful view of the canvass for the Walker party. The registration developes Conservative strength. The conversion of colored people to the Walker side, seems to be particularly cheering.

☞ The Macon papers tell us that Turner can not get any white man to assist him in his postal duties, and the last regime to a man contemptuously refuse all of his inducements to aid him.

☞ Certain daring parties are proposing to attempt the passage to the North Pole in a balloon.

☞ Thompson cooled us yesterday, with a glass of his delicious cream.

☞ Peru has recognized the Cuban Republic.

☞ The famous Bodelain Library at Oxford is to be enlarged.

DECISIONS OF THE SUPREME COURT OF GEORGIA

Delivered at Atlanta, Tuesday, June 1.

FURNISHED BY N. J. HAMMOND, SUPREME COURT REPORTER, EXPRESSLY FOR THE CONSTITUTION.

Eulgenia Clark, et al., vs. Jeremiah Bell. Motion to dissolve injunction and demurrer, from Dougherty.

McCAY, J.

1. Whilst it is the settled rule that bills in Equity must be brought in a county where one of the defendants, against whom substantial relief is prayed, resides, this rule does not apply to bills for injunction, etc., ancillary to suits at law. In such cases, the Court of Equity, of the county, where the suit is pending, has jurisdiction to enjoin the suit at law, and also to grant relief, as to all matters involved in a proper settlement of the litigation pending at law.

2. When B. C. and D. were sued, at law, by A., who resided in a different county from that in which the suit was brought, and the defendants at law filed a bill, charging that the suit at law was, for the recovery of the purchase money of a tract of land lying in the same county, which land had been sold to the defendants at law and complainants in the bill by A.; and the bill further charged, that at the time of the sale, the land was not in truth the property of A., but had, before that time, become in equity, the property of E., the deceased son of A., and husband of B., under a parol agreement, which was partly performed, which Equitable title had been *fraudulently concealed* from the wife by A., at and before the sale of the land to her and the other complainants. And the bill further charged, that the land had been paid for under the parol agreement by E., with certain cotton made on the place, which went into A.'s hands, and by certain trust funds in his, A.'s, hands, belonging to E.

Held, that the Superior Court of the County, where the suit was pending had *jurisdiction.*

1st. To enjoin the suit at law. 2d. To cancel the notes and deed made at the second sale. 3d. To decree a specific performance of the parol agreement, and a full settlement between the parties as to all matters connected with the land and the cotton made thereon.

Held, further, that while said Court had no jurisdiction to decree an account between A and the heirs of D. as to trusts not connected with the land, yet it might inquire how far the trust funds had been used in the performance of the parol agreement, and if the case made required it so, apply them to the extent shown by the proof, leaving a full and final *account* as to said trusts to the Court having jurisdiction of the defendant's person.

3. Where A. sells a tract of land to B. C. and D., taking their notes and a mortgage on the premises for the purchase money, and the vendees, afterwards sell to F., also taking notes and a mortgage, which notes and mortgage they place in A.'s hands as collateral security for their own debt for the land to him, with power to A. to collect, and settle with F., and A. takes the land from F., who is insolvent, and gives up the notes and mortgage made by F. at a price less than the amount of the notes, and this without the *consent* of the original vendees from him: *Held:* That A. can take no benefit to himself from this arrangement with F., and he is bound to credit his vendees with the true value of the land, or return it to them.

4. When the Court below sustains an objection to a bill, for want of proper parties, which does not appear to have been adjudicated by the Court below, will not be decided by this Court, the presumption being, that the Court below, if proper parties were made, would have permitted an amendment.

5. When, as in this case, the injunction to stay proceedings at law, is the principal object of the bill, and a temporary injunction has been granted, the Court ought not to dissolve the injunction, and permit the case at law to proceed, unless it clearly appear, from the evidence before it, that there is no case, proper, to be submitted to a jury for a decree.

Vason & Davis, Hawkins & Burke, Wright & Warren, for plaintiffs in error.

B. H. Hill for defendant in error.

Daniel H. Baldwin, plaintiff in error, vs. Archibald McRea, defendant in error. Motion for a new trial from Sumter.

BROWN, C. J.

1. When a bill was filed for a new trial in an action of Ejectment, on the ground that the witness, by whom the defendant proved adverse possession for the legal period, has since refreshed his recollection, and will now testify that he was mistaken as to the time when the possession commenced, and the bill was dismissed for want of equity, and that judgment was affirmed in this Court: A motion for a new trial made at a subsequent term of the Court, in the same case, on the same ground, will not be entertained by the Court. The question is *res adjudicata.* Judgment affirmed.

S. H. Hawkins, for plaintiff in error.

Jas. J. Scarborough by W. A. Hawkins, for defendant in error.

Wm. A. Huff, plaintiff in error, vs. C. A. Wright, defendant in error. Motion to set aside judgment, from Sumter.

BROWN, C. J.

1. The second section of the 7th article of the Constitution of this State, as well as the act of 1866, has changed the relation which married women bear to their husbands, so far as their estates are concerned, and vests in them all property of which they may be possessed at the time of marriage, contracted since the adoption of the Constitution, and all property given to inherited, or acquired by them, since that date.

2. Under the Code, a married woman may, as to her separate estate, contract and be contracted with—except as to contracts of suretyship, etc., and may, if she have no trustee, be sued separately as a *feme sole.*

3. The relation being changed as above stated, the presumption is, when a married woman gives her separate note in the purchase of property, that she has a separate estate, and that she contracts with reference to it. And, if suit is brought against her upon such note, without joining her husband, and she fails to defend by showing she has no separate estate, or other good cause, the judgment binds her separate property, and will not be set aside on motion, because of the non-joinder of her husband.

Judgment reversed.

C. T. Goode, S. H. Hawkins, for plaintiff in error.

F. P. Moody and E. A. Moody, plaintiffs in error, vs. A. G. Ronaldson, defendant in error. Proceeding to dispossess tenant, from Sumter,

BROWN, C. J.

1. Under section 4005 of the revised Code the administrator of the deceased landlord may make the affidavit and institute the proceedings to dispossess a tenant who holds over.

2. When the affidavit is made by the administrator, a counter affidavit filed by the tenant, that he does not hold the premises either by lease, rent, at will by sufferance, or otherwise, from said Ronaldson (the administrator) or from any one *under whom he claims the premises,* or from any one claiming the premises under him; is a sufficient compliance with the statute; and it was error in the Court to refuse to allow the issue thus presented to be submitted to a jury, and to order the Sheriff to proceed to dispossess the tenant.

Judgment reversed.

Hawkins & Burke, for plaintiffs in error.

N. A. Smith, for defendant in error.

Nicholas Wylie, plaintiff in error, vs. Nancy Whitely and A. B. Raiford, sheriff, defendants in error. Rule against the Sheriff, from Sumter.

BROWN, C. J.

1. Where A. commenced his proceeding against B, under section 4000 of the Code as an intruder, and B filed a counter affidavit, which was accepted by the Sheriff, and returned to the Superior Court, and an issue made up; and A afterwards sold the land in dispute to C, who filed a bill against B, which B answered, and set up equities which entitled B. to a hearing, and C then moved to dismiss his bill, which was refused by the Court, which judgment was not excepted to. *Held:* that equity having obtained jurisdiction and control of the case, will hold it for adjudication.

2. After a Court of Equity has taken the control of the case, the Court of Common Law will not entertain a rule against the Sheriff to compel him to place A, or his vendee, C, in possession of the premises in dispute, on account of a defect in the original counter affidavit filed by B.

Judgment affirmed.

McCay, J., did not preside in this cause.

Geo. W. Warwick, Vason & Davis, for plaintiff in error.

W. A. Hawkins, S. H. Hawkins, for defendant in error.

Nathan Emanuel, plaintiff in error, vs. Smith & Richmond, defendants in error. Certiorari and motion to set aside judgment, from Sumter.

BROWN, C. J.

1. When a case of garnishment is called in its order on the docket, at the second term of the Court, after the service of the summons of garnishment, and after final judgment against the defendant, and the garnishee has failed to answer, and the Court allows judgment to be entered against the garnishee, this Court will not control the discretion of the Court below, unless in extraordinary cases, in refusing to set aside such judgment, after it is signed, to allow the garnishee to answer.

2. It is the duty of the Court, if final judgment has not been rendered against the defendant, at common law, or in attachment, to continue the case against the garnishee till after the rendition of such judgment.

Judgment reversed.

Hawkins & Burke, N. A. Smith, for plaintiff in error.

Goode & Carter, S. H. Hawkins, for defendant in error.

Woman Suffrage.

A Mrs. Mary A. Livermore delivered a lecture the other day, on Woman's Suffrage. She put up a very good thing. She claimed that woman did not have the advantages that men had, either in the way of educational facilities, nor in the field of labor. She very boldly assumed the aggressive, as all of these petticoat reformers do, and based two-thirds of her logic not upon woman's fitness to vote, but upon man's abuse of the franchise. She talked home in this style:

Another objection is that the best women will not vote, and that the brothels and saloons will rule the country. Men have been our teachers in these matters, and the best men have stayed away from the polls. Can women be expected to immediately do better? If the bad women do vote, and the brothels and the saloons do rule the land, will it be much worse than it is at present. If what the papers say of the politics of the country is true, Belzebub himself rules the country. [Applause.] Desperate and unscrupulous men get into office and usurp the government. She had seen members of Congress drunk in the halls of Congress, and she had but little fear that women would act worse.

Others feared that enfranchisement would debase women. If so, it would be well to disfranchise men [laughter.] The negroes of the South are no better for being disfranchised, but the reverse is true.

She very neatly showed the reciprocity of the two sexes, and claims that putting a little piece of paper in a box would not necessarily pull the crinoline out of her sphere.

And there is no more danger, considering how rooted and grounded are the relations of women, that they will forsake their sphere, than that the stars over the Philadelphia mint will become fascinated with the glitter of the gold coin and rush down to demand the right of being marked with the United States stamp. An acid and an alkali are, separately, corrosive, in combination a crystal. Without men, women are ignorant and frivolous. Without women, men are unclean and degraded. Women have grown to powers for which they have no use until they are liberated from their fetters. Men must not dam up woman's inclinations for they will overflow. Let no man define a woman's sphere. Every soul has a right to define its own sphere.

BEAUTIES OF RADICAL RULE—*Nashville Tennessee,* June 24.—The Secretary of State has written a letter in regard to the state of the finances. He says the interest on the State debt has been paid for two years past by constant hypothecation of bonds. Last year $1,100,000 was hypothecated to meet the January interest; to meet the interest due next week it would require double this amount of collateral, of which $200,000 would be lost beyond hope. During the last four years the state has loaned to railroads the enormous sum of $15,000,000, and but a mere trifle of interest has been paid on this sum. It is the belief of Secretary Fletcher that the State can pay no interest for several years to come, and that the best that can be done will be to fund it. His letter is a scathing rebuke to Radical extravagance and misrule in Tennessee.—*Special to the New York Democrat.*

THE NOTARIES PUBLIC.—We understand that four of the eight Notaries Public appointed by Governor Bullock for Chatham county, have stolen a march on the other four by surrendering their commissions and receiving other commissions bearing the same date of the originals, but designating the militia districts in Chatham county for which they are appointed. One has been thus appointed for each militia district in the city, and it is now claimed that the outsiders cannot exercise jurisdiction as Justices of the Peace within the limits of the city, and we understand that measures will shortly be taken to test the question in the Superior Court. The outsiders claim that their commissions, being for the county, their territorial jurisdiction is only limited by the boundaries of the county, while that of those who have received appointments for designated districts is limited to the district named in their commissions. The controversy will no doubt result in a very pretty legal contest, which will, at least, benefit some of the members of the legal profession.—*Savannah Republican.*

☞ Our soil is under the conqueror's feet, our sentiments are beyond his reach. In ourselves we hold sanctuaries across whose threshold the foot of wrong may never pass. And in these sanctuaries Love, Faith and Hope keep ceaseless watch; Love for the Past—Faith in the Present—Hope for the future. Love weeps over the Past; Faith prays in the present; Hope dreams of the future. Heaven speed the day—aye, speed the day when the tears of Love shall be dried; the prayers of Faith answered, and the dreams of Hope realized. Till then let us show by our demeanor that though our soil is conquered our souls are still free.—*Banner of the South.*

A WONDERFUL SOUTHERN DISCOVERY.—In the South where Liver complaint and bilious diseases prevail to so great an extent, there has long been felt a need of a medicine that would act *specifically and promptly on the Liver,* restoring it to its normal functions, and at the same time be safe from after effects, and yet so simple that it might be used by any one. It is claimed that Dr. TUTT'S VEGETABLE LIVER PILLS supplies this want. They act directly on the Liver; their constant use will not injure in the slightest degree the most delicate constitution. Females at any period may use them with great benefit, and realize great relief from the distressing nausea which they experience at certain times. These pills are not recommended as a universal cure-all, but simply for diseased Liver, and those maladies which follow a derangement of that important organ, such as Dyspepsia, Sick Headache, Indigestion, Loss of Appetite, Costiveness, Piles, Jaundice, Sour Stomach, Ladies' Heartburn, Chills and Fever, Foul Breath, Restlessness at night, and Fatuleney. These invaluable pills may be found at every Drug Store of any note in the South and West. june30-d1w

Placing under surveillance the entire stock of imported sugar in bond in this city, amounting to 17,060 boxes, 3,157 hogsheads, 183 tierces, 239 barrels, all of which will be re-weighed and re-classified before it is permitted to be withdrawn from bond with a view to detection of further frauds which may have been committed in the investigations of revenue officers' reports show that importers have used false invoices of sugar. It was classed too low, and weighers returned weights almost invariably lower than even the false invoices. Among those implicated in these frauds are a number of weighers, appraisers and examiners. The inspectors appointed by Collector Casey supposed, however, that similar frauds have been practiced for a long period. Suspicion was aroused by the difference in the weight of packages, and the difference in the quality of sugars from the same parts. When Deputy Collector Herring had prepared an abstract report giving a most complete history of every package of sugar in bond, showing the uniform difference of weight, amounting to 250 pounds to each hogshead, 45 pounds to each box, and on fraudulent invoice. Several other importing houses are implicated, but no further frauds are definitely fixed.

VIRGINIA.

RICHMOND, June 30.—Last night, in Petersburg, Van Wyck, of New York, addressed a Republican meeting. The Conservatives, present, called for A. Derison, a number of times, and that not being allowed, the next Radical speaker was drowned out by calls for Conservative speakers.

The negroes then formed in a body, and charged the whites present, driving them away with bricks, and chasing them through the streets.

It appears that the whites went to the meeting with the impression that a division of time was to be allowed.

CONTINUES to treat all private diseases, Syphilis in all its forms, Gonorrhea, Gleet, Stricture, Orchitis, and all urinary diseases, and the effects of mercury are completely eradicated; Spermatorrhea or Seminal Weakness, resulting from self-abuse or other causes, and which produces some of the following effects: as blotches, bodily weakness, indigestion, constipation, aversion to society, unmanliness, dread of future events, loss of memory, indolence, noctural emissions, and finally prostration of the vital powers, can be fully restored to health. Persons afflicted with this, or any other delicate, intricate, or long standing constitutional complaint, should give the Doctor a trial. He never fails.

The Doctor publishes a medical circular that gives a full exposition of venereal and private diseases, that can be had free at his office, or by mail for one stamp. It gives a clear delineation of all the diseases and conditions resulting from the infringement of the moral laws, excesses, indulgences, exposures, and imprudences in married or single life. Every sentence contains instruction to the afflicted, and enabling them to determine the precise nature of their complaints.

The establishment, comprising ten ample rooms, is central. When it is not convenient to visit the city, the Doctor's opinion can be obtained by giving a written statement of the case, and medicines can be forwarded by mail or express. In some instances, however, a personal examination is absolutely necessary, while in others, daily personal attention is required, and for the accommodation of such patients there are apartments connected with the office that are provided with every requisite that is calculated to promote recovery, including medicated vapor baths. All prescriptions are prepared in the Doctor's own Laboratory, under his personal supervision. Medical pamphlet at office free or by mail for two stamps. No matter who have failed, read what he says. DR. JOHN BULL'S

Great Remedies.

DR. JOHN BULL,

Smith's Tonic Syrup,

FOR THE CURE OF

AGUE AND FEVER,

Chills and Fever.

The proprietor of this celebrated medicine justly claims for it a superiority, over all remedies ever offered to the public for the safe, certain, speedy and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and and South-western country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the bowels in good order, should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

Bull's Worm Destroyer.

To my United States and World-wide Readers.

I have received many testimonials from professional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following letter from a highly educated and popular physician, in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of BULL'S WORM DESTROYER:

VILLANOW, Walker Co., Ga., June 29, 1866.

DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the desired effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary, they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine direct from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line M. D's, but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of diseases to which human flesh is heir. Please reply soon, and inform me of your best terms. I am, sir, most respectfully,

A Good Reason for the Captain's Faith.

READ THE CAPTAIN'S LETTER AND THE LETTER FROM His MOTHER.

BENTON BARRACK'S, Mo., April 30 1866

DR. JOHN BULL—Dear Sir: Knowing the efficiency of your Sarsaparilla and the healing and beneficial qualities it possesses, I send you the following statement of my case.

I was wounded two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not set up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in anything else. I wish that it is genuine. Please express me half a dozen bottles, and oblige.

Capt. C. F. JOHNSON, St. Louis, Mo.

P. S.—The following was written April 30, 1866, by Mrs. Jennie Johnson, mother of Captain Johnson:

DR. BULL—Dear Sir: My husband, Dr. C. S Johnson, was a skillful surgeon and physician in Central New York, where he died leaving the above C. F. Johnson to my care. At fifteen years of age he had a chronic diarrhœa and scrofula, for which I gave him your Sarsaparilla. IT CURED HIM. I have for ten years recommended it to many in New York, Ohio and Iowa, for scrofula, fever sores and general debility. Perfect success has attended it. The cures effected in some cases of scrofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover.

Respectfully, JENNIE JOHNSON

DR. JOHN BULL—Dear Sir: Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.

My son-in-law, who was with me in the store, has been down with rheumatism for some time, confined to the bitters, and soon found his general health improved.

Dr. Gist, who has been in bad health, tried them, and he also improved.

Dr. Cedron, who has been in bad health for several years—stomach and liver affected—he improved very much by the use of your Bitters. Indeed, the Cedron Bitters has given you great popularity in this settlement. I think I could sell a great quantity of your medicines this fall, especially of your Cedron Bitters and Sarsaparilla. WESTERN AND ATLANTIC RAILROAD,
OFFICE SUPERINTENDENT,
ATLANTA, GA., June 30.)

Messrs. W. A. Hemphill & Co., Proprietors Daily Constitution:

GENTLEMEN: I have the pleasure of tendering the Proprietors of the different publications and printing offices of this city, and all persons in their employ, together with their families, a special free train for a Picnic excursion to such point on the Western and Atlantic railway as they may select, and on such day as they may agree upon.

An early notification of acceptance, and of the time and place selected, is respectfully requested.

Very respectfully,
E. HULBERT, Sup't,
per Peterson.

We return our acknowledgements to Superintendent Hulbert for the above kind invitation. Any day will be agreeable to us. We suggest that the Compositors of the several offices meet and agree upon the time and place.

AN EXCELLENT ARRANGEMENT.—Capt. W. A. Fuller, General Ticket Agent of the Macon and Western Railroad, gives notice in another column, that the road has arranged a system of excursion tickets from Atlanta, Macon and intermediate points to Indian Spring, from date until the first of October at greatly reduced rates. Also, from Macon and intermediate stations, to Atlanta and return. This road has also inaugurated a regular system of through tickets, from Atlanta to New York, Baltimore, Philadelphia, Jacksonville, and Tallahassee, Florida, via Savannah.

RAISING A DUST ABOUT DUST.—Atlanta, June 30, 1869.—*Mr. Local:* The dirt from the large cellar being dug at the corner of Marietta and Broad streets, has been scattered over the adjacent streets for two or three blocks around. This finely pulverized red clay penetrates the lungs and eyes of every man, woman and child, compelled to pass that locality, and injures the goods of every merchant near by. Now, Mr. Local, why can't these careless carters of dirt, manure, offal, etc., be compelled to have tight bottoms to their carts and wagons? And why can not the contractor of excavation work be made to take away the dirt scattered so thickly in our streets? The press brings about many reforms, and I hope that you and your contemporaries will labor to induce the Council to do something for us. MANY SUFFERERS.

Approved, and respectfully forwarded to the Chairman of the Street Committee for prompt action.

A THRILLING SCENE.—The battle raged along the line. The cloud of sulphurous smoke that enveloped the combatants was rent with the roar of cannon, the rattle of musketry, the clash of swords, and the shouts of charging hosts. The Spaniards though fighting like lions at bay were giving away to the impetuous onslaughts of the Cuban braves. But suddenly the roar, rattle, clash and shouts subside, the smoke disappears, and the contending armies stand in mute admiration at the spectacle of an American approaching with banner in hand. As he nears them and they catch the inscription on the banner, "Bradfield's Female Regulator," they burst out in one loud shout, and the bands strike up "See, the conquering hero comes."

THOMPSON'S CAFE.—A cool retreat, in Summer's heat, is Thompson's Cafe, I ween; there day and night, in calm delight, you can sip his Ice cream. It cools the blood and does you good; it sets you right; then tarry not, while you're hot, but go this very night. And for good luck, take along your "duck," your darling treasure; she'll enjoy the treat, your expectations meet, and love you beyond measure.—Translation from "Horace."

W. K. MOORE, ESQ.—Among the members of the bar in attendance on the Supreme Court, we notice W. K. Moore, Esq., of Dalton.

A SPIRITUAL SCENE.—A young friend of ours recently attended a spiritual circle, and thus narrates a portion of his experience:

The party assembled around the table, and the medium—a handsome young lady—with piercing black eyes, commenced her invocation to the spirit world to deign to hold converse with the skeptics before her. Nary spirit answered. But at this juncture, and while she was complaining of the neglect of the spirits, a cat on the outside was scratching away at the door for entrance. Our young friend remarked to the medium, that perhaps that *that* was the spirit at the door trying to get in. Casting a withering look upon him, the fair medium left the room.

INDIAN CORN FORAGE.—Judge Joseph E. Brown has about a half acre sown down in Indian corn for forage. The ground was broken up deeply and thoroughly with a two-horse plow. After this, rows two feet apart were laid off and the corn thickly sown in the drill. When the corn had reached two or three blades high, two furrows were run between the drills. It is now from six to eight feet high. Judge Brown will obtain over three tons of forage from this half of acre of ground. He applied only a small quantity of bone dust. With the soil properly prepared, and the application of manure, Indian corn is perhaps the most profitable forage crop that can be cultivated. From six to eight tons per acre can be obtained of forage which horses and cattle eat with avidity.

HOW HE WAS CAUGHT.—A gentleman residing some six or eight miles from the city, was frequently in the habit of sending his waiting boy with the buggy and the injunction "tell my wife I'm caught as that d—d jury again." His wife little suspected that the jury was a set of boon companions gathered at a drinking saloon to *try* Champagne or Bourbon. Upon each occasion he sent said waiter boy to town after some necessary articles. The boy met up with friends, got elevated and too heavy and pitched out of the buggy. The horse and buggy went home in time—the boy did not arrive till next day. The master with sternness written in his face, called the boy up and demanded why he did not come back in proper time. "Fore God, Massa, I was cotched on de damn jury."

AN excellent quality of sugar is being made from the common field pumpkin. In Hungary several large factories have been in operation since 1837. The yield is about eighty per cent. of saccharine syrup, and four per cent. of sugar. It is made by the same process as that of beet sugar.

A Proclamation.

WHEREAS, A great safeguard for republican institutions is to be found in the general dissemination of knowledge among the masses of the people; and

Whereas, It is almost universally the practice of State Governments to relieve from taxation the capital invested in material necessarily employed in the printing and publishing of books, magazines, newspapers, etc.; and

Whereas, A proper construction of the present statutes of force in this State will not permit an exemption from taxation so employed.

And in order that the General Assembly may have an opportunity to enact a law especially exempting from taxation the value of material employed in printing and publishing; and to the end that no unnecessary burdens may be placed upon these valuable and important public benefactions, until the General Assembly may have an opportunity of exercising its wisdom in deciding this question:

NOW, THEREFORE, I, Rufus B. Bullock, Governor, and Commander-in-Chief of the Army and Navy of this State, and of the Militia thereof, do hereby, by virtue of the authority in me vested by the 70th Section of the Code, issue this, my proclamation, suspending the collection of all State taxes assessed upon the value of type, printing presses and other property belonging thereto, actually in use for the purpose of publication or printing, until the next session of the General Assembly.

Of this suspension the Comptroller General will forthwith give notice to the Tax Collectors of the various counties of this State.

Given under my hand and the Great Seal of the State, at the Capitol in Atlanta, this 26th day of June, One Thousand Eight Hundred and Sixty-Nine, and of the Independence of the United States, the Ninety-Third.

RUFUS B. BULLOCK,
Governor.

By the Governor:
DAVID G. COTTING,
Secretary of State.

Supreme Court—Morning Session.

Reported Expressly for The Constitution.

WEDNESDAY, June 30.

The Court took time to decide upon the motion to dismiss the causes from the South-western Circuit mentioned in the report of yesterday.

A motion was made to put upon the docket, and hear at some time during this term, a cause between the officers of Lee county, which cause was was too late for this term. The application was put upon the ground of public interest. The Court refused the motion because the statute was imperative on the Court.

The South-western Circuit being finished the Middle Circuit was taken up. It has but seven causes, and two of them have been settled, to-wit: Nos. 4 and 5, in favor of Wm. Dougherty, *et. al.*, and John Cohen & Son, respectively, vs. Geo. M. Thew, assignee. Equity, from Richmond.

No. 1, was argued. It is Alexander McCullers, plaintiff in error, vs. F. R. Haines, defendant in error. Dower, from Washington.

Langmead & Evans, A. R. Wright, for plaintiff in error.

Jas. S. Hook, for defendant in error.

No. 2. E. N. Fitzsimmons vs. Southern Express Company, was continued for providential cause.

No. 3. Sallie E. Bruce, administratrix of Eli M. Bruce, vs. Joseph Crews. Motion for new trial, from Richmond.

Johnson & Montgomery, for plaintiff in error.

Wm. T. Gould, for defendant in error.

Pending the opening argument, by Mr. Montgomery, the Court adjourned till 3 o'clock, P. M.

In publishing the opinions of the Court, the following was omitted:

John T. Gibson, (colored,) plaintiff in error, vs. The State of Georgia, defendant in error. Attempt to incite an insurrection, from Early county.

BROWN, C. J.

1. Penal laws are to be construed strictly *in favorem vitae*.

2. Section 4251, of the Code, declares that: Any person convicted of the offense of insurrection, or an *attempt at* insurrection, shall be punished with death, or if the jury recommend to mercy, confinement in the Penitentiary, for a term not less than five nor more than twenty years. *Held:* That this prescribes no penalty for the offense of an *attempt to incite* insurrection.

Judgment reversed.

A. Hood, for plaintiff in error.

S. Wise, Parker, Solicitor General, for the State.

PERSONAL.—Among the members of the bar in attendance on the Supreme Court this morning, we observed Judge J. S. Hook, distinguished for his acute intellect and purity of character; Judge W. T. Gould, who, though advanced in years, possesses a mind undimmed by age, and all the elements of manhood; and W. W. Montgomery, Esq., whose heart and intellect was never formed in any small mould. These gentlemen hail from our beautiful sister city—Augusta.

ANOTHER IMPORTANT DECISION.—William Allen, a colored Lothario, charged with the offence of bastardy, and committed to jail in default of bail, was brought up before Judge John D. Pope, on a writ of habeas corpus this morning. G. S. Thomas, Esq. appeared in behalf of the petitioner, and contended that the bastardy law did notapply to persons of color, and that colored bastards were not likely to become chargeable to the county for support. Under this inhumane view, the poor things would have to "perish by the wayside," uncared for.

But Judge Pope held, that the act approved March 17, 1866, placed colored persons, so far as their legal rights are concerned, on the same footing with whites Hence, the action for bastardy against Allen was properly taken. Allen was remanded to jail. Messrs. Hill and Candler appeared on the part of the State.

OWEN LYNCH.—This gentleman, who was so long connected with the Western and Atlantic Railroad, as Book-keeper, has been appointed, by Major Campbell Wallace, Book-keeper and Cashier of the South and North Railroad. This is an excellent appointment, and that road has, undoubtedly, secured the "right man in the right place."

A QUO WARRANTO.—We learn that a *quo warranto* was issued by Judge John D. Pope yesterday, directing Thomas Spencer to show by what authority he is exercising the functions of Justice of the Peace in the 1,026th District. The 20th of July is set down for a hearing of the case.

Messrs. Collier & Hoyt, L. E. Bleckley, and Candler and Hill, represent the claims of Judge W. M. Butt, who was elected Justice of the Peace for that district by a large majority. The Governor exercising judicial powers refused to commission Judge Butt, and appointed Spencer. The Governor claims that Judge Butt is disqualified from having filled offices before the war, although he has commissioned others as Justices of the Peace and Notaries Public who labor under the very same disqualification. The case will be an exceedingly interesting one.

FIRE.—The kitchen of J. W. Scruggs, Esq., at Stone Mountain, was destroyed by fire, about three o'clock, this morning. Loss, some $250 or $300. The fire is supposed to have been accidental.

"KENO."—Keno has "played out" in this section. Even the "rink" of the newsboys has become defunct. Good thing. The Grand Jury should take Bullock's slander mill in hand.

☞ Paper petticoats are now sold in London, at sixpence each. Shoes are made of the same material.

THE MAMMOTH CAVE.—*Extracts from a Private Letter.* . . . We groped about for many hours in this wonderful place. I never saw anything like it. The freaks of nature displayed here are very strange, and strike the beholder with awe. But the air in some parts of the cave is close and stifling, and when we came out, I found myself saddled with a terrible fever, which entirely prostrated me. The physician had never seen a case like it before, and no remedy he prescribed seemed to do the least good. My life was despaired of. Mrs. Wilson, with whom I was residing, had in the house a bottle of Plantation Bitters, and she insisted I should try it, for she said she knew it to be a certain cure in all cases of fever, debility, ague, dyspepsia, &c. I had but little faith, but finally consented to try it as a last resort. In less than three hours after the first dose my fever left me; in two days I was sitting up, and before Saturday night I was as well as ever. I tell you all this that you may know how to act in any case of fever, or any similar disease. I firmly believe the Plantation Bitters saved my life.

In my next I will tell you about the Cave in detail.

DARBY'S

Prophylactic Fluid!

A CHALLENGE TO THE WORLD!

We challenge the world to produce a better or a stronger recommendation for any article for any purpose than the following:

NOVEMBER 1st, 1868.

We very cheerfully unite our testimony in favor of the great merits of the valuable disinfectant manufactured by PROF. DARBY, and known as Darby's Prophylactic Fluid. From the reputation of Prof. Darby as a scientific gentleman, from our own knowledge of this preparation, and from the general esteem in which it is held wherever known, we have no hesitation in recommending it as one of the most valuable household articles with which we are acquainted.

SIMMONS' LIVER REGULATOR OR Medicine for Dyspepsia, Headache, Jaundice, Costiveness, Camp Dysentery, Sick Headache, Chronic Diarrhœa, Affections of the Bladder, Kidneys, Colic, Nervousness, Piles, Diseases of the Skin, Impurity of the Blood, Melancholy or Depression of Spirits.

Most of the ailments here enumerated have their origin in a diseased liver, which is the most prevalent affection in this country, and as in many cases the patient is not within the reach of a physician, to prescribe the correct remedy, should be provided with one which, while it is safe, shall be effectual in its operation, and yet be active and safe. That such is the character of the SIMMONS REGULATOR there can be no doubt, which the testimony of hundreds will establish.

SYMPTOMS OF A DISEASED

LIVER.

Pain in the side. Sometimes the pain is felt under the shoulder blade, and often mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness, bowels in general are costive, sometimes alternating with lax; the head is troubled with pain, accompanied with a dull, heavy sensation. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, an uncomfortable sensation of a prickly sensation of the skin; his spirits are low, and although satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease but rarely have occurred when few of them existed, yet examination of the body after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the foregoing symptoms appear. It is a purely vegetable compound, is not injurious to the most delicate constitutions, and will keep the liver in healthy action if used properly.

Persons living in unhealthy localities may avoid all bilious attacks by taking a dose occasionally to keep the liver in healthy action.

Regulator

For children complaining of colic, headache, or sick stomach a teaspoonful or more will give relief. Children, as well as adults, eat sometimes too much supper, or eat something which does not digest well, producing sour stomach, heart-burn, or restlessness; a good dose will give relief. This applies to persons of all ages.

Many persons, from eating too much, are restless at night, or in day time fidgety, wool-gatherers, can't understand what they read, can't keep their minds on any one subject so as to transact business well, or become fretful. One or two tablespoonful will give relief.

Jaundice.—Take enough Regulator after eating each meal to produce one full action from the bowels every day.

Pregnant ladies will find sure relief from their headache, costiveness, swimming in the head, colic, sour stomach, restlessness, etc., etc.

INFIRMRY
FOR THE BLIND!
DR. W. A. HOOTEN

HAS REMOVED HIS INFIRMARY FOR THE Blind from Cotton Hill, Ga., to Atlanta, Ga., where he has located permanently. He is now prepared to treat diseases of the Eye successfully, and will give his personal attention to all cases presented. He has been practicing physician eighteen years. He relieves almost all cases without the knife. He has been blind three years himself, and after having exhausted, as he thought, the skill of the profession, both North and South, became in possession of a treatment by which he was soon restored to sight. He uses the same treatment with which he himself was relieved, and has restored a great many persons from total blindness. He knows of no Oculist in the United States who uses the same treatment. He also treats Chronic Diseases in all forms, particularly diseases of Females, Venereal troubles of long standing, Dropsies, Liver Complaints, Coughs, etc.

Terms for treatment, CASH.

INFIRMARY—Large two story brick building on corner of Baker and Collins streets.

To remove from the minds of the most scrupulous any prejudices that may arise, he refers the public to the following first class names, giving the Post office address of each, and feels confident that proof that any of the certificates herein published by him are not genuine, or that these cures were not effected by him as herein stated, to pay to the order of the individual producing said proof the sum of Five Thousand Dollars.

CERTIFICATES.

To the Blind:

Go to Dr. Hooten, at Cotton Hill, Clay county, Ga., and be cured. If possible to have your eyes restored, he can and will do it. My daughter lost her eye sight suddenly of Amaurosis. I had almost despaired of her ever being restored, but on hearing of Dr. Hooten, I immediately placed my daughter under his treatment, and in a short time she was entirely restored, and can now see as well as she ever could at any time. Do not delay, but go at once to Dr. Hooten, and be cured. His treatment is harmless. If he does you no good, he will do you no harm. My daughter and I can not find words sufficient to express our gratitude to Dr. Hooten.

This certificate I give cheerfully, earnestly hoping it may prove a benefit to the blind, and also to my much esteemed friend, Dr. Hooten.

Very respectfully,

WILLIAM SMITHA.
Eufaula, Ala., June 1st, 1867.

SMITHVILLE, GA., May 31, 1867.

To Persons Afflicted with Sore Eyes:

I feel it my duty to Dr. Hooten, and to those of our good people who are troubled with diseases of the eye, to say that, after suffering four years with Chronic Inflammatory Sore Eyes, and after applying to a large number of most eminent physicians without obtaining any kind of relief I was reduced to blindness, all soreness of the eyes, and finally, entirely cured within two weeks of treatment by Dr. Hooten. I can cheerfully say further, that his treatment is mild, and most certainly harmless, if not beneficial. I would like to pay Dr. Hooten the debt of gratitude I owe him for the almost miraculous cure of my blindness, and give this certificate gratuitously, hoping that it may be of some benefit to him, and also to suffering humanity. Respectfully,

PETER W. JOHNSON,
Prop. of Eating House, Smithville, Ga.

For the benefit of those suffering with Sore Eyes and in justice to Dr. Hooten, I will state that I took my wife to Dr. Hooten, on the 7th of May, 1868, entirely blind—the result of a very high degree of Inflammation of the Eyes. She commenced improving very soon under his treatment, and continued to improve rapidly until quite restored to sight. On the 15th day of July following, she returned home with her sight entirely restored, without the slightest inflammation about her eyes perceptible. I feel safe in recommending Dr. Hooten to every one suffering with their eyes. Dr. Hooten is a Georgian by birth and education, and deserves the confidence to which he is so much entitled.

S. S. DUNLAP.
Firm of Morgan & Dunlap, Macon, Ga.
July 25th, 1868.

I Placed myself under treatment of Dr. Hooten in August 1868. When I arrived at Dr. Hooten's I could not discern a ray of light—was entirely blind, Amaurosis, and one-half of me paralised. After three months' treatment of Dr. Hooten, my paralysis was removed, and my sight entirely restored. I can now see the light of day in peace and happiness. I can, in my daily journey's farm as before my affliction. Respectfully,

S. L. SANDERLIN.
Dover, Ga., Feb. 15, 1869.

To those Troubled with Diseased Lungs, as Coughs, etc

I had long been troubled with a cough, considered by many to have consumption. On calling Dr. Hooten to see me he readily detected the cause of my cough and put me to using. From the decision made by him there was discharged at least a quart of pus daily, for eight months in succession. He restored me to perfect health, except that lung does not act well. I can now labor as hard as ever did. If your cough is severe it will pay you well to take treatment of Dr. Hooten.

Respectfully, JAMES HARDMAN.
Cotton Hill, Ga., Jan. 1, 1868.

I herein certify that I had not seen a day's health in ten years before taking treatment of Dr. Hooten, because of a chronic affection of the liver. I became greatly troubled with Dropsy—could feel the water shake in my body like a bag. In four days of treatment from Dr. Hooten, I was entirely relieved of the Dropsy. However strange it may appear, I nevertheless is true.

I would certainly advise all persons troubled with Dropsy to give Dr. Hooten a trial.

Respectfully, SAMUEL E. PINCKSTON.
